This is a system generated Admit Card. No signature is required.

Admit Card Generation Time: 25-Apr-2021 02:11 AM

Answer to the Q. NO. 6

Registration of copy right can be done in two ways, one is offline or ~~maner~~ manual process another one is online process. For the given context steps for registering copy-right for the model in Bangladesh is given below for both the process.

i) Manual process & Attachments:

- Filling up two copies of required form along with 2 copies of work ~~to~~ that need to be copyrighted.
- 1 copy of passport size attested picture
- Photocopy of national ID card/passport/birth certificate
- Use case and benefit of the model
- Give fee of 1000/- via Sonali Bank on sure cash and provide one main copy and one photocopy of the transaction
- Provide deed that states, the work is unique, all given info is connect ~~or~~ and no ~~legal proceedings~~ ~~litigation~~ regarding this work. litigation in court regarding this work.
- ^{Provide} No Objection Certificate (NOC) of persons related to this work.
- Copy right ~~claim~~ deed will be given on a stamp of 300/- to the person who claimed copyright, if the claim is accepted.

ii) Online process :

- At first goto official website "copyrightoffice.gov.bd" and signup using authentic information. Then login ~~to~~ with email/phone no. and password to access application form. If necessary, read the "Completed forms and guidelines" and be sure to apply.
- Attachments required: a. 1000t treasury invoice ~~in~~ ~~pic~~ (JPG/PNG/PDF) for each application with that is deposited in any branch of Bangladesh/Sonalin Bank.
- More attachments: a) Passport size photograph of applicant (JPG/PNG/PDF)
- b) NID/passport/birth certificate (JPG/PNG/PDF)
- c) Copyright ~~trans~~ transfer document (JPG/PNG/PDF) by a notary public on a non-judicial stamp of 300t incase of ~~over~~ ownership of the copyright.
- d) NOE of the related persons to the work.
- Information provided must be connect, not pending in basic court for trials, Two copies of the application applied must be given, one copy of the treasury invoice must be given.

→ Note that the format of the pledge, copyright / related transfer Deed, No objection / consent, Deed of Power and Transfer of copyright of cover work etc can be found on the website "<http://www.copyrightoffice.gov.bd>".

Responsibilities of Mr. Ting Ting under ACM-IEEE ethics given below:

- Ensure that his work correlates with public interest.
- Strive for high quality, acceptable cost and reasonable schedule, ensuring significant tradeoffs are clear to and accepted by the employees ~~in~~ in this case the freelancers.
- Ensure that freelancers is informed of standards, knows the employer's policies and procedure for information protection which are confidential.
- Ensure to have fair agreement concerning ownership of the model.
- Must credit the work of freelancers and refrain from taking undue credit.

Answer to the Q. No. 1

Mr. Thunders made a ~~re~~ movie on liberation war of Bangladesh. Before ~~making~~ making the movie he went to the museum to verify the informations but the ~~me~~ museum authority declined his request by stating that he ~~isn't~~ ~~is~~ entitled to get such information. Though this is a public information still ~~the~~ the designated officer declined to provide information. Here as it is not mentioned which specific event Mr. Thunders ~~is~~ ~~is~~ ~~wanting~~ wants to know about. So it may be a information that falls under ^{sub-section} ~~clause~~ 7, 8, 12, 18 of section 7 of ~~the~~ RTI ACT.

After the initial ~~reale~~ ~~reale~~ release of the movie it was noticed that the movie contains some information which is contradictory ~~with~~ to the ^{spirit} ~~of~~ of liberation war. As the movie was released in digital medium, and has some misleading or ~~is~~ contradictory information that is related to liberation ~~war~~ war thus this context ~~under~~ falls under sub-section 2 of section 21 of Digital Security ACT, 2018.

The movie is also based on a book that is 30 ~~years~~ years old and ~~it cop has copyright~~ is copyrighted. The owner of the copyright is still alive. There's no mention if Mr. Thundor took permission of the written of the book. So if he didn't take permission he violated the copy-right law

legal proceedings
So the ~~punishment~~ would be:

→ Under subsection 2 of section 21, ^{of DSA, 2018} he shall be punished with imprisonment for a term not exceeding 10 years or fine not exceeding Taka 3 crore or with both.

→ Under ~~section~~ subsection 2 of section 82 of the Copyright ACT he will be punished.

Answer to the Q. No. 2

Section 21 of ~~DA~~ DSA, 2018 states about punishment for making any kind of propaganda on campaign against liberation war, ~~spirit~~ spirit of liberation war, father of the nation, national anthem on flag, ~~and also the~~ subsection 2 and 3 of this section states the punishment for the offence mentioned in subsection 1. If someone commits this offence then it may lead to confusion/contradiction between ~~re~~ true and misleading information on a national or international level. So the punishment for the offence is justified and no modification is needed for this section. Though it has highest punishment it is justified ~~considered~~ considering the harm it may cause.

Section 27 of DSA, 2018 states about offence and punishment for committing cyber terrorism. But according to clause c, subsection 1 of this section even a ~~sim~~ simple roadblock protest ~~can~~ can fall under ~~this~~ this offence. So this section is very ~~de~~ dangerous as it doesn't mention ^{clause} the offence must be in digital media. Here this ~~se~~ clause needs to be modified else

for a simple roadblock a person may be punished according to subsection 2 and 3 of this section which is very excessive. Rather than this ~~the~~ punishment considering clause a, b, d of subsection 1 is justified, cause if someone commits this offence it may lead to national security breach.

Section 34 of DSA, 2018 states about offences related to hacking and punishment thereof. ~~Offences~~ Offences and punishment given in subsection 1 and 2 are justified. But there ^{are} ~~is~~ drawbacks in the definition of hacking. ~~In the explanation of hacking says that~~ According to the explanation on what hacking means, if someone hacks a person's or institute's database/computer system but doesn't destroy, change any info or, reduce value or efficiency or cause harm then ~~it is~~ ^{his} action is not hacking. This is a drawback of this section. Hacking is hacking it shouldn't matter if harm is done or not. So this ~~explanation~~ needs to be modified.

•• The punishment is justified as hacking can lead up to national security breach.
